Building Community

Welcome to Kei & Molly Textiles, LLC.

For over a decade, our studio has been printing folk-inspired designs onto kitchen linens and home accessories - and we're thankful we've gained such a loyal following. From small independent boutiques to reknowned museum gift stores, our hand-printed products now appear in over 400 stores nation-wide!

This catalog captures the breadth of our work and, with the environment in mind, is intended to last two years rather than just a season. We hope you enjoy learning not only about our products, but also about our studio and the values that propel it.

Our vision as a social enterprise has always been to create good jobs for immigrants and refugees. We know the difficulties that come with moving to a new country, learning a new language, and making one's way in a new land.

We embrace our community.

And in the best possible sense, we take care of each other - by offering good wages and social supports to our staff and, for our wholesale stores, making ourselves readily accessible.

We endeavor to always be human and humane behind our business practices.

We hope you enjoy our offerings!

Our Story

It all began back in 2010 when Kei & Molly had an idea: create a social enterprise that would give back to our community.

Specifically, we wanted to be an economic engine for Albuquerque's International District where many of our local immigrants start their journey in America.

Equipped with homemade screens and inks mixed at Kei's kitchen table, we created a line of hand-printed linens and showcased them at our local holiday bazaar. Everything sold out within an hour! We had our business idea...

That initial idea grew into what our business is today. We employ over a dozen staff members. Immigrants who've settled in Albuquerque from around the world work alongside our American staff. We teach each other, support each other, and work as a team.

We also care about the environment.
All our fabric products are hand-printed using only eco-friendly, water-based inks.
We never print with platisol (essentially liquid plastic) to avoid adding PVC resins and platisizers into the landfill.

Besides, we love how our water-based inks absorb into our natural fabrics, resulting in a softer hand. Most importantly, they allow us to wash up with water, not solvents, to safeguard the health of our staff.

We also filter our waste water to 20 microns to limit pigments from entering our water system, and we incorporate solar energy to help cover our electricity needs.

In short, we support people and the planet!

We really love what we do, and we hope our passion comes through in our products.

Welcome to our world!

Flour Sack Dish Towels Fory Designs

Our Best-Selling Towels Make the Perfect Gift!

Without a doubt, our Flour Sack Dish Towels are our best sellers! Customers have fallen in love with our distinct designs that tell a story about a particular place, event, or activity. Designed in our folk-inspired style, these towels bring back cherished memories for so many, and are a delight to share with family and friends. To learn the story behind each design, read the product descriptions on our website.

Some customers ask us why we don't use towels made in the USA. Sadly, this type of flour sack dish towel is no longer milled in this country. We source ours from a mill in Pakistan with state-of-the-art technology and that treats employees well. The company uses no child labor and offers opportunities for advancement to female employees.

We promise that these towels really work! Highly absorbent yet light-weight, they make quick work of drying dishes without leaving lint on your glassware. Once you've tried our towels, no other towels will do. Our customers swear by them!

Wholesale Policies

1. Order minimum

\$150.00 USD for first and all subsequent orders. Orders \$1,000.00 and above may require a non-refundable 50% deposit, 50% due at shipment, to be determined at the owner's discretion.

2. Eligible Stores

Wholesale accounts are generally reserved for brick & mortar stores. We rarely sell to vendors who are strictly online in order to support our network of wholesale stores. We do not sell to vendors who plan to sell our products at art fairs, growers markets, or other artisan-type selling venues in order to respect local artisans at these venues. We also do not sell on Amazon, nor do we allow others to sell our products on third party platforms like Amazon.

3. Market Area

We strongly believe in supporting our retailers, which means respecting their sales areas. This may mean not selling in the same neighborhood, same zip code, within a 3 mile radius, or in the same town - depending on the particular retail landscape of each store. We also don't want to saturate our product in one area so that it becomes commonplace. We therefore ask our sales reps to use their best judgement when approaching stores in a particular area.

4. Payment & Terms

For orders coming through our wholesale website, payment will be captured at the time you order. For orders placed through sales reps and their ordering platforms (like Brandwise and MarketTime) and for orders placed through Faire.com, payment is due upon shipping.

We accept the following credit cards: MasterCard, Visa, Discover or American Express. Complete credit card information must be provided at time of order unless otherwise negotiated by the sales rep: Cardholder Name, CC#, Expiry Date, Security Code, Billing Zip Code, and Email (email is crucial for receipts!).

We offer Net 30 Terms on a case-by-case basis. Usually, stores must be part of a larger institution (such as a museum or university) or be a customer in good standing for over one year to be considered for terms. Payment on Net 30 accounts must be made by check. If you would like us to charge your credit card, then a 4% processing fee will be added. Please contact us if you would like to qualify for Net 30 Terms.

5. Shipping

FOB Albuquerque, New Mexico, USA. Please allow 1-2 weeks for your order to ship. If items are in inventory, they will ship immediately. All items will be shipped by UPS or by USPS Priority Post, with insurance. Buyer is responsible for all shipping and handling with insurance, and duties and taxes where applicable.

Prices, designs, product items, and policies are subject to change without notice.

7. Color Choices

Designs come in stock colors, but you can order custom colors from our swatch card with the appropriate minimus listed on the card. Please allow up to 2-3 weeks for shipment on all custom color orders.

8. Washing Instructions

Regarding all our cloth items, our ink manufacturers recommend cold water wash to keep colors bright. Our experience, however, is that the items wash fine in hot water, though colors may fade slightly. Tumble or line dry. Iron from backside only. Expect cotton items to shring 5-10%. For stains, soak overnight in water with a non-chlorine bleach.

9. Return Policy

If your order is damaged in any way, or filled incorrectly, please contact us immediately. We may ask you to send us photos of any damage in lieu of returning product. Refunds or exchanges will be issued with all verified requests. Please contact us within 5 days of receipt of items to undertake any returns.

10. New Design Launches

We launch new designs twice a year: Spring and Fall. Retailers will be notified by our e-newsletter and through their reps. All retailers will be automatically added to our e-newsletter listing. E-newsletters are the only way we inform our stores about new designs or policy changes (no mail-outs). Please add our email (keiandmolly@gmail.com) to your address book to avoid having our e-newsletters go to spam.

11. Custom Designs

Custom design requests will be considered on a case-by-case basis and dependent on our time availability and nature of the request. Generally, we require stores to be in good standing for over a year and have reached \$6,000 in sales to be considered for a custom design. Please contact your sales rep or contact us directly if you are interested.

12. Customer Support

Finally, we are very approachable, and will make ourselves available to answer any questions or concerns. So please don't hesitate to call us if you need attention on a matter! We are open to hearing what works and doesn't work with our products to improve our sales strategies. Let us know what you think!

Prices, designs, product items, and policies are subject to change without notice.
