PRODUCT DETAILS

Materials

Cards printed on sustainable papers using soy inks, processed chlorine-free.

Standard A7 (5x7 inch) cards use 12pt coated 30% PCW card stock which creates a platform from which colors pop - our brightest designs are on this paper.

Lux A6 (4 1/2 x 6 inch) cards use 110lb uncoated 100% PCW card stock which allows for rich colors and textures - our most complex designs are on this paper.

Puzzles are printed on coated paper for extra bright colors on thick 100% PCW backer board.

Towels images are printed on pre-washed, 100% cotton flour sack material.

Packaging & Pricing

Counter cards are pre-priced with a UPC on the back. If you like, we are happy to package cards in a plastic sleeve/jacket for \$0.12 each.

TWO CAN is a collaboration between Patti Gay and her son Noah, who is autistic. Noah creates painted textures that become the palette from which Patti creates beautiful, layered images. In addition to his fingers, Noah employs sponges, brushes, rollers, spray bottles and bubbles to create textures using acrylics, watercolor, gouache, and foam. Patti manipulates the textures into animal portraits and landscapes. Scan QR code to learn more online:

MCKENNA (IHDE) KORNOWSKI grew up in rural Wisconsin developing her creative side both outside of school and at university. Her mixed-media work contains found materials and thrifted clothing: "I enjoy giving used garments new life while also adding texture to each painting." McKenna lived in the PNW for many years showcasing her paintings at outdoor markets (where we met her!) All of her designs are also available Blank (-BL) inside. Scan QR code to see more:

KIM CONWAY lives in a Montana cabin surrounded by birds, foxes, and the occasional bear - animals that are lovingly depicted in all of her artwork. Kim crafts her hand-rendered greeting card designs in a playful and colorful cut-paper collage style. She loves the “process of exploration inherent in creating the individual layers” of each new work. When not creating art, Kim spends time gardening, hiking, and floating down the river. FATHER ARTHUR POULIN, a monk of the Incarnation Monastery in Berkeley, CA, paints in acrylic on extremely large canvases. His landscapes echo the Impressionists: each painting starts with a base of ultra-thick black primer before adding color and texture via thousands of precise brush strokes. In every painting Father Poulin strives to reflect the "stunning, sacred beauty that is mirrored everywhere in Creation." All of Father Poulin's designs are also available Blank (-BL) inside. SUIBOKUGA (ink-wash) or "literati painting" uses Japanese sumi ink on washi paper with gold leaf. Traditionally the art of master calligraphers, artist Tadashi's use of Suibokuga is inspired by modern life: he tries to express the "things one cannot sense with the eyes alone - summer flowers, starry skies, clouds at sunset." **Tadashi's cards are embellished with gold foil.** See more online:

ARTIST COLLECTION **Father Arthur Poulin**

FATHER ARTHUR POULIN holds the unique distinction as the only monk in the Allport family of artists. Painting at the Incarnation Monastery in Berkeley, CA, Father Arthur strives to reflect the “stunning, sacred beauty that is mirrored everywhere in Creation.” His landscapes take months to complete, starting with 25 layers of black gesso on each canvas before using the smallest of brush strokes to add color and texture. See his birthday designs on page 14 or see his whole collection online at:
