WHO WE ARE

When we started Fire & Pine in 2016, there were only a handful of us working out of a small part of a warehouse. Today, we are a team of 24 artisans working from a full-scale production facility in Ridgeland, South Carolina, along with our Flagship Retail Store at the esteemed Coligny Plaza in Hilton Head Island, South Carolina. Our unique burning process creates decorative wall maps, intricate U.S. patents and custom-designed wood artwork for customers in all 50 states and internationally. We've grown rapidly, continually adding new products to the Fire & Pine brand and increasing production output. None of this would be possible without a fantastic team of creative professionals who take pride in the art of woodworking. Thanks to the support of our local community — and you! — our team is continuously innovating. The fact that we get to have so much fun while we work is an awesome added bonus.

WHY BUY FIRE & PINE?

At Fire & Pine, we pride ourselves on delivering heirloom-quality products with unparalleled ease in wholesale and retail purchasing and with a heart for fun. Our diverse range of products, available in small to statement sizing, is crafted with the highest standards of quality, ensuring each piece is not only beautiful but also durable and timeless. Working with us is a seamless and enjoyable experience, characterized by our commitment to unmatched customer service. We make the process of selecting, customizing, and purchasing our products straightforward and hassle-free. With Fire & Pine, you're investing in quality, ease, and a really awesome partnership.

COMMUNITY INVOLVEMENT

Fire & Pine is deeply committed to supporting our community. As proud owners of a local store, we actively give back by donating to schools, local charities like Habitat for Humanity, and organizations dedicated to veterans. We believe in fostering strong connections and making a positive impact right at home.

GREEN PLEDGE

We are committed to environmental sustainability through comprehensive green initiatives. Our facility has been converted to solar-powered energy as we work toward becoming energy neutral by 2028. Additionally, we have implemented an eco-friendly paint disposal process that involves evaporating paint to minimize environmental impact. We are dedicated to donating a portion of our revenue to ongoing forestation and environmental efforts.

Artisan Woodworks

Fire & Pine is based in Ridgeland, South Carolina. Every piece of artwork is made from scratch in our workshop by our team of artisans. Our unique burning process on solid Pine wood creates decorative wall maps, intricate U.S. patents and custom-designed wood artwork designed in-house (aside from historical pieces) by our artists.

We take pride in knowing that every piece is 100% unique, every work of art has a different grain profile, knot placement, and burn tone. Be sure to pick up the one you are looking at before it's GONE!

The shop you are standing in has been carefully selected to carry our work. They care about craftsmanship, supporting an American Made small business, and have incredible taste!

The large Great Lakes map in white looks stunning in my little cottage style home. It's such a beautiful piece of art. I was so excited when it arrived and it's absolutely perfect. Thank you.

Omg...customer service is amazing. I ordered a map for my sister in law's birthday and she cannot stop raving about the quality and intricacy of the map. It arrived perfectly on time and I scored major brownie points with her and my husband!
