textiles

2026 - 2027

It all began in 2010 with a simple idea: **create artisan-quality, functional textile products while offering meaningful work to immigrants and refugees in our community.** Armed with homemade screens and inks mixed at Kei's kitchen table, we showcased our first hand-printed linens at a local holiday bazaar. Everything sold out within an hour—and our business was born.

Today, we employ over a dozen staff members from around the world who have come to call Albuquerque their home. We embrace our community as family: offering good wages and social support to our staff while staying accessible to our wholesale partners.

Behind our business practices, we endeavor to always be human and humane.

We also care deeply about the environment. All of our products are hand-printed using only eco-friendly, water-based inks (never plastisol), avoiding PVC resins and plasticizers in our waterways and landfill. Our inks absorb beautifully into our 100% natural fabrics for a softer hand and allow us to wash up with water instead of solvents. We filter wastewater to 20 microns and use solar energy to help cover our electricity needs.

We support people and the planet. Welcome to our world!

our best sellers!

Our Flour Sack Dish Towels have become true customer favorites—and for good reason! Each design captures a memory, a moment, or a slice of life that feels familiar and meaningful. Printed in bold, joyful colors and created in our signature folk-inspired style, our towels are instantly recognizable and add a touch of cheer to any space.

sourcing

We're proud to partner with a woman-owned weaving mill in India for our towel blanks. While this type of flour sack towel is no longer milled in the USA, we're committed to sourcing in a way that supports good work and good people around the world.

quality & function

We promise our towels really work! Highly absorbent yet lightweight, they make quick work of drying dishes without leaving lint behind. And unlike microfiber towels, ours are 100% cotton—so they won't shed microplastics into waterways or melt when you reach for a hot pot.

Best Dish Towel Ever!

Whether you're breaking bread, polishing glass, warming tortillas, or tackling baby burps and spills, our towels have endless uses and possibilities.

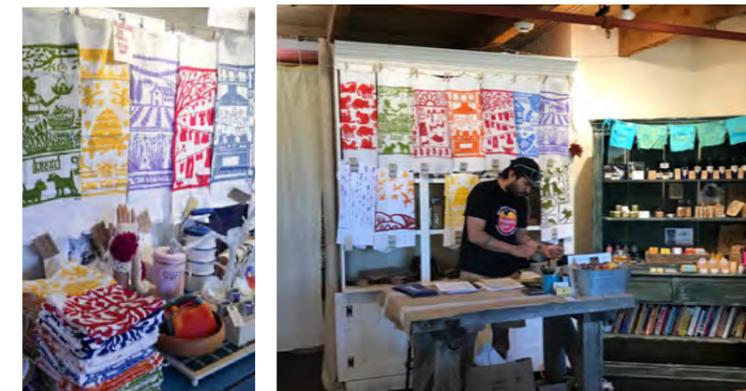

flour sack dish towels

flour sack dish towels

➤ dish towel display

For best impact, display our towels with the image fully visible, or hang them by the corner loop so customers can open them. Our towel band includes a design sticker, but nothing compares to seeing the whole towel.

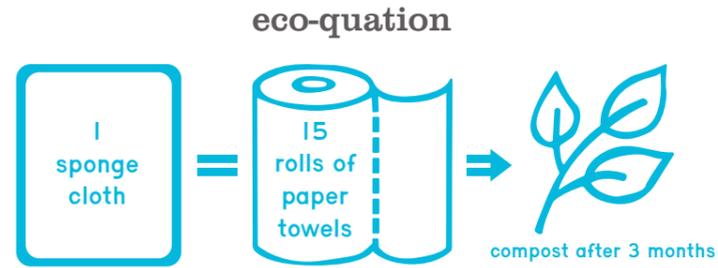

sponge cloths

➔ large size

Made from paper and cotton fibers, our sponge cloths are an eco-friendly alternative to paper towels—one replaces up to 15 rolls. Use them for dishes, countertops, plants, or even as gentle wash cloths.

Our Large Sponge Cloths offer twice the surface area with the same great absorbency, perfect for big messes, dusty dogs, bathtub rings, and wiping down walls or baseboards.

They're easy to clean by hand, in the laundry, or in the dishwasher. For stains, soak in a non-chlorine bleach solution. When they've reached the end of their life, simply compost them—they're fully compostable and biodegradable.

1. Order Minimum

Minimum is \$150.00 USD for first and all subsequent orders.

2. Eligible Stores

Wholesale accounts are intended for brick-and-mortar retailers. We limit sales to online-only vendors to support our existing wholesale partners. To respect local artisans, we do not sell to vendors who plan to offer our products at art fairs, growers' markets, or similar venues. We also do not sell on Amazon or permit third-party platform sales.

3. Market Area

Supporting our retailers means honoring their sales territories. Depending on the local market, this may involve avoiding stores in the same neighborhood, zip code, town, or within a three-mile radius. To ensure our products remain unique and not overly concentrated in any one area, we rely on our sales reps to exercise thoughtful judgment when opening new accounts.

4. Payment & Terms

For orders placed through our wholesale website, payment is captured at the time of purchase. For orders placed through sales reps and their ordering platforms, payment is due when the order ships. Orders placed through Faire.com are processed directly through the Faire platform. We accept all

major credit cards, including American Express. We offer Net 30 terms on a case-by-case basis. Eligibility is generally reserved for stores that are part of larger institutions such as museums or universities, or for customers in good standing for at least one year. Payment on Net 30 accounts must be made by check. If you prefer to have a credit card charged, a 4% processing fee will be added. Please contact your rep or us if you would like to be considered for Net 30 terms.

5. Shipping

FOB Albuquerque, New Mexico, USA. Please allow 1–2 weeks for your order to ship. If items are in stock, they will ship immediately. All orders ship via UPS or USPS Priority Mail with insurance. The buyer is responsible for all shipping and handling charges, insurance, and any applicable duties or taxes.

6. Product Minimums

7. Color Choices

Designs are available in our standard stock colors, but custom colors may be ordered from our swatch card, with minimums (see last page). Please allow 2–3 weeks for shipment on all custom color orders.

8. Washing Instructions

For all of our cloth items, our ink manufacturer recommends washing in cold water to keep colors bright. In our experience, they also wash well in warm or even hot water, though colors may fade slightly. Tumble dry or line dry. Iron on the backside only. Expect cotton items to shrink 5–10%. For stains, soak overnight in water with a non-chlorine bleach.

9. Return Policy

If your order is damaged in any way or filled incorrectly, please contact us immediately. We may ask for photos of the damage instead of requesting a return. Refunds or exchanges will be issued for all verified requests. Please contact us within 5 days of receiving your items to begin any return.

10. New Design Launches

All retailers will be automatically added to our e-newsletter listing. E-newsletters are the most efficient way to inform our stores about new designs or policy changes (no mail-outs). Please add our email (kei@keiandmolly.com) to your address book to avoid having our e-newsletters go to spam.

11. Custom Designs

Custom design requests are considered on a case-by-case basis and depend on our time availability and the nature of the request. In general, stores must be in good standing for over a year and have reached at least \$10,000 in sales to be considered for a custom design. Please contact your sales rep or reach out to us directly if you are interested.

12. Customer Support

Finally, we are always approachable and happy to answer any questions or concerns. Please don't hesitate to call if you need anything. We welcome feedback on what works and what doesn't with our products, and we value your input as we continue to improve our sales strategies. Let us know what you think!
